

DIE GEHEIME SPECEREY

FELLEIS & KNITTELFELDER

WELCOME!

The two successful hoteliers Andreas Felleis and Patrick Knittelfelder committed themselves privately and professionally to pleasure, tastefulness and the sustainable production of high quality foods. They buy their products predominantly directly from small factories. Therefore they need time, know-how and always a little bit of luck!

Andreas Felleis and Patrick Knittelfelder are pleased to spoil you with lots of specialities in their 'Geheime Specerey'. The offer includes the world's best white tuna out of the can, the sausage 'Salzacher', which has been created by them, fresh pasta and much more. Especially unique are the specialities from the Hungarian curly coat. Since 2011 they breed their own pigs. Assure yourself of these delicacies which are cultivated in 100% handicraft. Enjoy a glass of wine, a small snack or 5 course menu. Either a romantic dinner or a cheerful 'convivium'...

We are pleased to welcome you!

Andreas Felleis & Patrick Knittelfelder
